“ So sorry to hear of the passing of Andy, but I am confident that he is in a better place after hearing of the years of pain and struggles that he endured. Andy was a great guy, and I was always happy to see him when he would come to parties at my house or other places. He always had a smile on his face. I always loved his "fro". To his family and friends, I pray for peace in your hearts.

“ I met Andy when I was 14 years old at "the cliffs". I have fond memories growing up, hanging out, and partying throughout the years with him. I'm glad we got together these most recent years having heart to heart talks with each other and reminiscing of all the good times we had over the past 45 years.

Godspeed Andrew! You're finally free of the tremendous pain you've been suffering. You will forever be embossed on my heart, my friend.

May your family and our friends find comfort in knowing there is one more angel above us.

My thoughts and prayers are with you and your family.
